

Student Accommodation

We are no longer able to provide residential accommodation for students seeking supervision or private tuition. But don't let this put you off visiting our wonderful area. There are many holiday cottages to let for any size of group, and prices are low outside holiday seasons, especially if you come for a "short break" of less than a week. The best website is www.westwalesholidaycottages.co.uk.

There are also lots of Bed and Breakfasts in the area. Contact us via the email link for details.
