

Meridians DVD Series

Introducing
a DVD series on The Meridians of Shiatsu.

This series of twelve covers the six pairs of the meridians of acupuncture and Shiatsu, one disc per meridian.

Averaging an hour and a half of run-time per disc, the series shows each meridian in detail, both traditional pathways and the Zen Shiatsu extensions.

Each meridian is shown treated fully
in the four positions of Shiatsu;

Supine, Prone, Side-Lying, Sitting

with the meridians often taped directly on the model and sometimes shown in an accompanying photo insert.
